PROPOSED WARDS MAP

The Goole & Pocklington Labour Party submit the following. We propose:

GOOLE NORTH (UNCHANGED)

GOOLE SOUTH (UNCHANGED)

SNAITH, AIRMYN & RAWCLIFFE & MARSHLAND (UNCHANGED)

POCKLINGTON (CREATED)

- It would contain the three polling districts that make up the town of ‘Pocklington’.

DERWENT VALLEY & BARMBY MOOR (CREATED)

- It would contain the parishes from the rest of ‘Pocklington Provincial’ and six of the nine parishes from ‘Wolds Weighton’ currently in the ‘Goole & Pocklington’ parliamentary constituency.

ELLOUGHTON-CUM-BROUGH (CREATED)

- It would contain the four polling districts that make up the parish of ‘Elloughton-cum-Brough’.

SOUTH HUNSLEY (CHANGED)

- It would retain ‘North Ferriby’ and ‘Swanland’. However, it would replace the three polling districts that make up ‘Welton’ with ‘Skidby’.

DALE (CHANGED)

- Since ‘Elloughton-cum-Brough’ would be its own ward and ‘Skidby’ would be added to ‘South Hunsley’, it would acquire ‘Welton’, ‘Broomfleet’, ‘Hotham’, and ‘North Cave’.

HOWDEN & GILBERDYKE (CREATED)

- The parish of ‘Howden’ would now be joined with ‘Eastrington’ and ‘Gilberdyke’.

HOWDENSHERE (CHANGED)

- It would incorporate ‘Asselby’ and ‘Barmby on the Marsh’ and include the three remaining parishes from ‘Wolds Weighton’ within the ‘Goole and Pocklington’ parliamentary constituency – that is, ‘Sancton’, ‘Seaton Ross’, and ‘South Cliffe’.

RATIONALE

Between now and 2029, 'Goole North', 'Goole South', and 'Snaith, Airmyn & Rawcliffe & Marshland' all remain within the +/- 10% variance. Therefore, we do not see the need to change these wards. The same cannot be said for other wards.

'Pocklington Provincial', 'Dale', and 'Howden' are three areas that must change, since they are outside the tolerated variance of +/- 10%.

Currently, 'Pocklington Provincial' is at a 28% variance, 'Dale' is at a 14% variance, and 'Howden' is at a 17% variance. By 2029, it is predicted that 'Pocklington Provincial' will remain at a 28% variance, 'Dale' will increase to 18% variance, and 'Howden' will increase to 45% variance.

To resolve the issue with 'Pocklington Provincial', we propose that 'Pocklington' becomes its own ward – with two councillors and a 6% variance (increasing to an 8% variance by 2029). The surrounding villages, with the addition of six parishes from the current 'Wolds Weighton' ward, can then become a separate ward – with two councillors and a variance of 6% (decreasing to a 4% variance by 2029).

To resolve the issue with 'Dale', we also propose that 'Elloughton-cum-Brough' becomes its own ward – with two councillors and a variance of 0% (increasing to 9% by 2029). In 'Dale', this allows us to replace 'Elloughton-cum-Brough' in favour of 'Welton', 'Broomfleet', 'Hotham', and 'North Cave' – with two councillors and a variance of 1% (increasing to a variance of 6% by 2029). Moreover, 'South Hunsley' (losing 'Welton') would gain 'Skidby' – with two councillors and a variance of -3% (decreasing to a -2% variance by 2029).

To resolve the issue with 'Howden', we propose the creation of the 'Howden and Gilberdyke' ward. This would include 'Howden', 'Eastrington', and 'Gilberdyke' – with two councillors and a variance of -4% (increasing to a variance of 10% by 2029). The remaining parishes (with the addition of 'Asselby' and 'Barmby on the Marsh' from the previous 'Howden' ward and also 'Sancton', 'Seaton Ross', and 'South Cliffe' from the previous 'Wolds Weighton' ward) can be the amended ward of 'Howdenshire'.

This proposal also marries up with the proposal from Bridlington and the Wolds Constituency Labour Party, particularly in relation to the 'Wolds Weighton' ward.
