Related subject: Freshney ward

Dear Sir / madam,

I am writing today to object to the removal of the freshney ward and merging it with the other wards.

I feel like this is a polical move to remove our independent councilors who dedicate their time and effort into providing for our ward and the place that they live.

If the removal goes ahead I feel that we will not receive the same care and attention that we are getting just now from the new councilors out in charge. Merging freshney ward with the others will also result in a larger area of poverty and people struggling all in the one ward area.

Freshney ward has a strong sense of community spirit and the council is trying to break that for their own political interests.

There has been no valid reason why the removal of freshney ward should go ahead except that the removal would benefit the council for their own political interests not for the benefit of the community and the people living there.

Kind regards
