Comment text:

Related subject: Waltham and Freshney

The area of Waltham has natural boundaries. The gap between Waltham and Scartho should be maintained to the north. The separation from New Waltham should be at the site of the newly proposed cemetery on Station Road. The village of Ashby cum Fenby should join the Wolds but Brigsley could remain in Waltham Ward.

In Freshney there is a strong connection between the Willows and Wybers Wood as the school serves both areas. This area has a distinctive character and should be kept.
