**Related subject:** Holistic view of council provision

It is apparent your desire to increase budget spend without any thought where the additional budget will come from apart from those that you are supposed to represent. I have been a resident of Northallerton for almost 20 years and your councilors apparently only appear to the public when there are special occasions. Please let us know what cost benefit these individuals bring to the public. What additional cost will we have to provide for these almost ghost like representatives
