**Related subject:** Millisons Wood, Meriden.

I feel that separating Meriden from Balsall Common and Berkswell would have a detrimental effect to the community. We currently have our Secondary school in Balsall Common. We also have the Drs surgery which is called Balsall Common and Meriden Group Practice. We have long held links with Balsall Common and have nothing in common with Hampton in Arden or Bickenhill. The current boundary that is in place makes more sense to the community.
