## Comment text:

I am 100% against the change of boundary for Kingshurst to become Smiths wood ward . I have lived on Kingshurst all my life we are not Smiths wood , we are next to Kingshurst lake , Kingshurst woods most buildings are named after Kingshurst House from years ago . If anything castle Bromwich and Smiths wood should merge , or leave it as it is there is no positive reason to change this . Smiths wood and castle Bromwich have the same starting post code B36 , Kingshurst is B37 again highlighting we are on the opposite side of the main Chester road to Smiths wood . I am also disgusted and very disappointed that you want a BirminghamMP Liam Byrne to be our MP , he is a Birmingham MP not Solihull .Liam can not look after his own ward effectively, What chance do we of Solihull stand to try and get a Birmingham Mp to fight our Corner . Sadiq Bhatti isn't much use unless there is a photo opportunity or he can get in with Andy Street 's pictures , but at least he is a Solihull Mp and resident . It seems that we are going to be pushed back into the hands of Birmingham and look where they are , run down to the dogs . May I also add although this is supposed to still be in the discussion phase my polling card which I received today 1st May states I am voting for Smiths wood ward . This obviously shows the decision has already been made so this option to give our views is a waste of time .
