Dear sir/madam,

I wish to register my protest concerning the proposed redesignation of Scott road, Fernhill etc from Olton to Lyndon ward. I was born and raised in Scott road and still own [REDACTED]. This home has been in my family since it was built back in the 1950s and has throughout my 62 years been part of Olton. There is great community spirit and pride in our area and this has shaped who we are, build our sense of civic pride and our sense of belonging. Given there are so many things that the council should be concerning themselves with I see no reason to fiddle unnecessarily with boundaries other than the self serving manipulation of voting demographics.

I was born in Olton and consider myself an Oltoner through and through. Moving the ward boundaries is likened to rearranging the seating on the Titanic. It serves only those fiddling voting numbers and is detrimental to those living in the area.

Regards
