

# Cheshire East

## Personal Details:

**Name:** Haf Barlow

**Email:** [REDACTED]

**Postcode:** [REDACTED]

**Organisation Name:** Poynton Town Council (Representative of parish/town council)

## Comment text:

Poynton Town Council supports the proposal of the LGBC that Poynton should be represented on Cheshire East Council by three members covering a single ward with a boundary identical to that of the Poynton town boundary. This is because Poynton as a town is self-contained and has a strong local identity. The current situation where Poynton councillors also represent other separate villages (Pott Shrigley, Kettleshulme, Adlington) is not ideal. A town wide three seat ward is also a much better solution than any attempt to divide Poynton up into separate single or single and double seat wards as any internal boundaries would be entirely artificial and would be confusing to the electorate.
