## Comment text:

**Related subject:** East Cheshire Macclesfield

East Cheshire is not fit for purpose. To larger of an area to do anything effectively..they never ever listen to the people of macclesfield. This town is dying under East Cheshire. it needs going back to local council ie macclesfield borough.  
council. To many chiefs & not enough Indians...needs to be locally run... evidence.. Castle St refurb having spent Eye-watering amount to no benefit other than looking pretty - To n bringing in parking charges in on BH & Sunday & evenings till 10/10.30 which will kill the already struggling night time trade.. no new large store names on the High St. Just closing shops.& many many more reasons to disband East Cheshire
