Related subject: Knutsford

Dividing Knutsford into two wards has to be a good step for local democracy, In particular, the North East part of the town has a different demographic from the rest of Knutsford and a Councillor dedicated to this area will deliver greater representation for residents whose voices and concerns may otherwise not be as well represented by Councillors who currently cover the entirety of the town. I very much support the Boundary Commission's proposed change for Knutsford.
