Hello, my family and I purchased our home in Tytherington ([REDACTED]) in 2015 on the premise that Tytherington was the area name where we wanted to live and to bring up our family. We still wish to live in Tytherington by name and not Bollington which is on the other side of the A Silk road. In addition any change in area name would also affect our house price negatively so please take this notice as our objection to any name changing from Tytherington to Bollington - Thank you!
