## Comment text:

**Related subject:** Tytherington in Macclesfield

I object most strongly to the proposal to split up the current Tytherington Ward.

This proposal, put forward by the Labour Party, is pure gerrymandering, and I am shocked that the Boundary Commission, of all people, should support it.

The proposal would result in vastly unequal representation.

It would also divide up related geographical areas. If anything, any change should do the opposite to what is being proposed. Livesley Road and its surroundings should in fact be removed from Bollington/Hurdsfield/Rainow and incorporated into Tytherington. The obvious and clear boundary defining feature is the Silk Road. I cannot believe that you have ignored this obvious dividing line.
