Electoral Review – Worcester – Kington and Dormston Parish

To Whom it May Concern,

I would like to raise my strong objection to the proposed changes of council boundaries affecting the Parish of Kington and Dormston within Worcester.

The reasons for my objections are that we are a country-side Parish and would like to remain in a country-side ward, as we have similar issues to our neighbouring Parishes.

If we were to be moved to Inkberrow, which is a large area, we believe that our voice would be too small and we would not be represented adequately as a community and for our community needs.

For these reasons I am strongly objecting to these boundary change proposals.

I would welcome the opportunity to discuss or elaborate on any of my points in more detail should the opportunity arise.

Yours sincerely,
