As one of the existing Danesborough and Walton Councillors, I believe the latest proposal is a pragmatic way to form new wards in the SE of Milton Keynes, keeping natural communities and their parish councils together. The exception would be the Western boundary at the North of the 'new' Danesborough Ward, which should extend to Ortensia Drive so that the whole of the Towergate area is in one ward. I believe the relevant parish / community councils are happy to propose a minor amendment to the areas they serve to accommodate this and ensure the ward and parish boundaries align. I do not believe that the Eaton Leys development should be included in Danesborough, as proposed by one political group, as it does not naturally link to the existing communities.
