

Somerset

Personal Details:

Name: Mr William John Roberts

Email: [REDACTED]

Postcode: [REDACTED]

Organisation Name: Nether Stowey Parish Council (Parish or town councillor)

Comment text:

When Somerset became a Unitary Authority the council was split into 18 Local Community Networks. This was done with regard populations and demographics. Each of the LCNs work as a cohesive groups with the Somerset Council and amongst themselves. The proposals being made would split thos LCNs in some cases over four different wards. This would not only destroy the work that has been done but would also highly complicate how we work together. The sensible and workable option is to keep towns and parishes within their LCN area and base the ward boundaries on those LCNs
