Related subject: Somerton Division, The Charltons parish

Based on the proposal of 96 councillors in single councillor wards/divisions, with around 4,867 electors per ward, our current division of Somerton would shrink to the parish of Somerton.

In that case, it would make most sense to group the Chartons with other villages to the East of Somerton, i.e. Baltonsborough, Barton St David, Butleigh, Keinton Mandeville, Kingsdon, Kingweston and Lydford-on-Fosse. However, I realise this would probably leave Compton Dundon isolated, so maybe that should replace Lydford-on-Fosse. We would not really feel any connection to Long Sutton, which is currently in the Somerton division.

Regarding accessing local services, we would use Somerton, Langport, Street and occasionally Yeovil, depending on the requirement.
