Related subject: Blackmore Vale

Milborne Port Parish Council has discussed the Somerset Council Boundary Review, closing 20 January 2025 in its full Parish Council meeting of 7 January 2025.

The preference of the Council is that, going forward, Milborne Port would prefer to be in a single councillor constituency covering the parishes of Henstridge, Charlton Horethorn, and Milborne Port.

These three parishes, together, would have approximately the targeted number of electors set out in the boundary review documentation. They are also closely connected by the following issues:

- border parishes with Dorset, with close connections for services with Sherborne
- shared education connections with Wincanton (King Arthur's) and, importantly, Sherborne (Gryphon)
- transport connectivity along the A30, including use of the 58 bus route (MP and H), and Sherborne rail station (MP&CH)
- significant planning considerations (MP&H)

We would be happy to discuss these matters in detail should you wish.
