Can you please decide on names for the relevant areas of Bletchley and stick to them. The name for my ward is currently Bletchley Park and on that particular map we also have Bletchley West and East. The draft recommendations map shows Bletchley North, Park and South. The parishes show Werst Bletchley and Bletchley and Fenny Stratford. The various areas have changed in the 50+ years I have lived here. Do you really have to confuse the issue even more?
