Related subject: Great Linford and Hanslope & New Bradwell.

I am incredibly pleased to see that Redhouse Park is no longer tied to Newport Pagnell in your draft proposal, but I do not believe placement with Great Linford is in our best interests. The boundary of the estate means that the Linford Lakes are over the border, and the councillors we elect would be unable to do much around them - frequently, developers try to build houses on them, which residents like myself have opposed at every stage - they also, occasionally, flood. I've hated the Newport Pagnell North ward, but it did avoid this issue by linking us to rural parishes. I hope we are put instead with Hanslope & New Bradwell for this reason. Though we are part of Great Linford Parish Council, they have failed to represent us and have used the money we provided to fund their own projects in Marsh Drive and elsewhere, leaving Redhouse Park without key infrastructure, like a community centre - please do not link us even further to a parish that we share so little with.
