## Comment text:

**Related subject:** Tinkers bridge

I am strongly against Tinkers Bridge being taken out of the current ward and put into the new ward. I have lived on Tinkers Bridge for 24 years, it is often the forgotten estate with the highest number of vulnerable residents . I remember the last ward reshuffle where Passmore was taken out , residents there now regret this.

We are a strong little estate with a functioning residents association, and community support schemes . We are largely labour supporters and fit in well with the ethos of Woughton parish and ward that we are currently in. We are supported well by out ward councillors and wish it to remain this way. Why change something that is working well for us. Leave our boundries and our parish
