## Comment text:

**Related subject:** Tinkers Bridge

I am concerned about the changing of our ward. This happened before and the rich people did not want us but took Passmore , we did not want to change then and still do not want to. We do not want to be part of the ouze ward , find some other rich estate. We will be left to just end up deprived and worse off. We want to remain in the ward we are in and we want to remain under the woughton parish council. We wil be cut off from all they support our councillors and residents associations to do.
