**Related subject:** Stantonbury Ward and Wolverton Ward.

As a resident of Bancroft Park, I firmly believe there is no reason to move away from Wolverton Ward. We have strong ties to this area, particularly with the museum and Roman ruins, and Wolverton is unequivocally our closest facility. It's essential that we maintain our connection to Wolverton Ward.

I must express my strong concern about the potential splitting of the Stantonbury Ward and whether this signals a plan to eliminate the Stantonbury Parish Council. The parish plays a vital role in our community, and removing it would be a grave disservice to the residents. Such a decision is simply unacceptable.

I would urge you to rethink this.
