Objection to Boundary Changes – Oldbury and St Paul's Wards

I would like to raise concerns regarding the proposed inclusion of areas such as Crystal Drive, Oldbury Road, and West End Avenue—currently in St Paul's Ward—into Oldbury Ward. These areas are part of the Smethwick constituency, and including them in Oldbury Ward would cause an overlap into the West Bromwich constituency, which is not feasible or practical.

I strongly request that the boundary of Oldbury Ward remain as it currently borders St Paul's Ward, without incorporating any part of St Paul's into Oldbury. This would maintain consistency with existing constituency boundaries and avoid unnecessary administrative complications.

Aside from this concern, I am content with the proposal to move parts of Oldbury Ward into Tividale.

Thank you for considering

Cllr Jalil
