Comment text:

Related subject: Bristnall / Langley

Bristnall no longer has any meaning and should be renamed. The majority of the Bristnall ward isn't even the area that 'Bristnall' was known as. The Langley Ward is also misplaced and should incorporate more of the Bristnall ward Moat Road area and less of the Grafton Road and Lion Farm area which have never been associated with Langley locally. The ward suggestions are ridiculous, more of Langley covers area nearer to Tividale and Blackheath and less of the area where Langley Town is local too which is part of Bristnall.
