I don't have an email so I have used my wife's.

I'd like to thank you for taking on board the suggestions to put Old Hill back together again in one ward.

There is no reason why residents on Best Street, a stone's throw away from me in Old Hill, are in the Rowley ward. That must make it very difficult for residents to understand, especially since they are within walking distance of Old Hill high street and don't have anything in common with the estates on the other side of the old Rowley ward.

It makes sense that the Brickhouse Estate would also come under Old Hill ward, since it is also much closer to Old Hill than any other shopping centres.

Your new ward boundaries would mean that all of Old Hill is represented by the same Councillors, which would be a real improvement on the current situation. Thank you.
