I write as an existing elected Councillor for the current ward of Windermere and Ambleside.

I have enjoyed serving this ward. This ward is large in geography so keeping this ward served by 3 members makes sense.

Keeping it the same also ensures continuity. The area is predominantly served by the A591 and experiences many of the same issues with pressures of tourism and second homes.

Including Grasmere in the name gives recognition to the third largest settlement. Whilst other areas are worthy of a mention I think that this would make the name of this ward too lengthy. Thanks for taking time to consider all contributions.
