I have been a resident of Hetton-cum-Bordley for almost 35 years. I strongly refute the suggestion that the proposal to move Hetton, Rylstone and Cracoe from Wharfedale to Mid Craven reflects community identities, or that we share reasonable road and community links with Gargrave, Hellifield and Long Preston. I have brought up 2 children here and our links have always been with the Wharfedale communities, through schooling, sport, and community events. The road from Hetton over to Gargrave is a poor link, a narrow dangerous road, not a good link at all. There is nothing that I or my family would see as a community link with the mid-Craven settlements and this change would not reflect how our community works. Please do not make this change.
