It seems illogical to move the boundary so that Carleton in Craven is in the Aire Valley ward. We are situated just two miles from Skipton with ease of access for both walking and travelling by car. We feel that we are part of Skipton and the Skipton West ward. The Skipton West ward is relatively small compared to other wards and the boundary could easily be changed to include Carleton. Carleton is identified in the documents as having a rural nature, but this has been a working village and is now a growing place to live for the people of Skipton to live as well as for educating their children. Many children at Carleton primary school live in and around Skipton. The residents of Carleton have little in common the other parishes in the proposed area of Aire Valley. I would ask that proposed changes do not take place.
