I own a business in Ripon and I have been collaborating with other independent businesses to improve Ripon's identity as a destination. The original proposal by the Boundary Commission was excellent. Please don't accept the suggested amendments that divide the City. Including the area around the Cathedral in the same division as the area around the Spa Gardens creates opportunities to focus on developing our sense of 'place' and identity. This is a great proposal and I definitely support that. The area for proposed housing in the barracks definitely needs to stay within the Ripon divisions - that doesn't make sense to be aligned with the Fountains division.
