Related subject: Currently Bothel and Wharrels - becoming Buttermere, Bassenthwaite & Caldbeck and Melbreak & The Marron

Note- I have corrected the spelling of Melbreak.

Although the ward of Bothel and Wharrels will cease to exist, in general I support the division as suggested. There is,however, one anomaly in the current suggestion for disposition of parishes. Buttermere, Lorton, Loweswater and Blindbothel are all very small parishes and have come together to form Melbreak Communities (as previously encouraged).Melbreak Communities has its own website and runs many activities for the residents of the four parishes under the headings of community, social, environmental, and wildlife. It includes having their joint emergency plan. It would be an injustice to split Buttermere and Lorton from Loweswater and Blindbothel, dividing their interests between two councillors.
