Related subject: Central Ward mainly

Portfield Street and Clive Street are demographically and geographically closely aligned with the St James & Bartonsham area of Central Ward and separated by the Railway line from Eign Hill Ward. Consideration might be given to including this small triangular area within Central ward which encloses it on two sides.

Recent developments have increased the population of Holmer ward considerably. It could be argued now to be so suburbanised as to be part of Hereford City. There may be scope for re-evaluating the boundary of Holmer ward to more closely follow the line of the Roman Road which is a strong natural boundary.
