Related subject: Boundaries of Acomb ward

Currently, people are often confused when they assume that the centre of Acomb including the Front St shops and Library is in the Acomb electoral ward and then find out that it isn't but is in Westfield. It would be good to try and address this, if possible, in any redrawing of the boundaries.

It's also a bit strange that the 'triangle' area bordered by Boroughbridge Rd A59, Water End A1176 and the River Ouse is not now in the Acomb Ward but is in the Holgate ward. If this were to be moved into the Acomb ward, this would help redress the fact that there is currently no GP or Chemist in the Acomb ward. The number of voters in the previously described 'triangle' area is very small and so the change wouldn't severely impact either ward.
