**Name:** [REDACTED]  
**Email:** [REDACTED]  
**Postcode:** [REDACTED]  
**Organisation Name:** Great Clifton [REDACTED] (Member of the public)

## Comment text:

**Related subject:** Great Clifton

The proposed boundary NW of Great Clifton perpetuates the curious loop east of St Peter's church, Camerton. The boundary includes uninhabited land on the north (right) bank of the Derwent, then uninhabited land on the south (left) bank of the Derwent before returning to the Derwent itself. If there is a reason for this, I am curious to know what it is.
